Every success story starts in a classroom. Become a teacher.

Paperback

Transforming Secondary Schools into Learning Schools: *Professional Learning Communities*

Presenter: Dr. Bernice Y. Sanchez

The National Day on Writing is an initiative built on the premise that writing is critical to literacy. In celebration of National Writing Day the South Texas Writing Project is hosting a presentation entitled "The Writing Process and the Future of Writing" which provides an interactive share session on writing process strategies, writing in various disciplines, and the future of writing in the 21st century. A question and answer session will follow with a book signing event featuring presenters' book project on *Transforming Secondary Schools: Professional Learning Communities*.

Hosted by the South Texas Writing Project
