Through exercises and demonstrations, this course will emphasize the craft, aesthetics and content of production as practiced in emerging and traditional formats. Students will continue to explore the classical narrative style as well as take command of experimental and documentary approaches. Specific topics may include the invisible line of action as it applies to three or more players, disrupting continuity, the music video, avant-garde techniques, recording behavior, and re-creating past events. Screenings and individual projects will be an integral part of this course. May be repeated once for credit. Prerequisite: COMM 2332 or consent of instructor. **Course Fee: \$40**

Rationale:

Some students may have prior knowledge of video production and/or substantial production work experience to be able to follow instruction and produce assigned projects for this course. The \$40 course fee is necessary for preventive maintenance of equipment.
