| Change 1 and explanation: PSYC 5337 will be interchangeable with PSYC 5338 because MACP students are encountering difficulties dealing with addicted clients in their practicum and internships. The students may take one or both courses; in which case, one will count as a requirement and one as an elective.  |
| Change 2and explanation: PSYC 5354 will be dropped as a requirement in order to align our degree requirements with those of the Texas State Board of Examiners of Professional Counselors, the board that licenses our graduates. As a result, the students will have an additional 3 hours of electives to choose from in order to complete the program's 49 hour requirement. Students will have the choice of taking this course as an elective. |
