The Department of Curriculum & Instruction requests authority to offer:

EDGR 5320 Research Design. Three semester credit hours.
This course introduces quantitative and qualitative research methods and statistical software applications. Students will complete three chapters of theses during this course. This course is taken for credit or non-credit. Prerequisite: Approval of major advisor.

EDGR 5330 Thesis. Three semester hours.
The students in this course are provided with opportunities for satisfactory completion and defense of the thesis. This course is taken for credit or non-credit. Prerequisite: Approval of major advisor. If grade of IP is received, student must continuously enroll until the thesis is satisfactorily completed. Failure to enroll results in a grade change to ‘F’.

Rationale for Courses: EDGR 5320 is to be added as an alternative to EDSP 5398, Research Design, currently required for students pursuing the thesis route of the Master of Science in Education with a Major in Bilingual Education. By allowing students to choose either EDSP 5398 or EDGR 5320, students would have more options in completing the requirements for the Masters Degree. EDGR 5330 is to be added as an alternative to EDSP 5399, Thesis, currently required of students pursuing the thesis route for the Master of Science in Education with a Major in Bilingual Education. By allowing students to choose either EDSP 5399 or EDGR 5330, students would have more options in completing the requirements for the Masters Degree.
