The Department of Curriculum and Instruction requests the authority to eliminate the following course from the degree plan for the Bachelor of Science in Interdisciplinary Studies Major in Bilingual 4-8th Certification.

SPAN 4313 Problems in Teaching Spanish ECE-4th. Three semester credit hours. Conducted in Spanish. Study of the linguistic principles, methodological theories, and classroom techniques conducive to effective and efficient teaching of Spanish as a native or second language to children from pre-K through the 4th grade. Recommended for prospective teachers. Prerequisite: SPAN 4310 or equivalent.

Rationale for the Change:

The content of this course overlaps with the content provided in coursework in Bilingual Education, notably EDBE 3325, EDBE 4334, and EDBE 4336. By eliminating this course, the number of hours required for the degree will be reduced to SCH 130.
