Change page 223 in 2008-2009 catalog as per the attached.

Change: Reduce MPA Hlth Track from 48 SCH to 45 SCH by changing HLTH 5696 to HLTH 5396 and adding HLTH 5395 as choices for the student rather than HLTH 5696 which was inadvertently designated a 6 SCH course.. This changes the course to 3 SCH rather than 6 SCH.

Add HLTH 5395 (Project) for 3 SCH.

Justification: The HLTH track has been discontinued within the MPA program; however, several students are still completing the Track. The change is necessary because of an error in the original catalogue description of the track indicating HLTH 5696 (Internship) as a 6 SCH requirement.. Because the track does not affect the total SCH of the MPA program (42 SCH), making this change will not affect the major degree or lessen its SCH. Also, the change is necessary to permit those students completing the track to graduate. It is requested that this change be effective for fall 2009.
