If attaching the e-mails will do the trick, that sounds fine to me -- I suspect that'll forestall confusion in the long run.
Thanks,

Hello,

Student can take 3 credits per term for a total of two terms. I think that "may be repeated for credit" appropriately defines this course because some students will take 3 credits and others 6 .

I need clarification on the COMM 4350 Internship course. The 4-year plan shows the internship in the fall and spring of the senior year, 3 SCH each term for a total of 6 SCH.

The change for the Internship course changes its value to three or six hours. Would a student take the six hours internship in one term?

Recommendation: Create COMM 4650 or leave COMM 4350 and include "May be repeated for credit" in the course description.

Please advise.
