It is proposed that the catalog description for the class below be changed to the following:

**4391: Topics in Social Studies**

Three semester hours (FL/SP)

A general survey of social studies that emphasizes content relevant to public school teachers.

The primary subject matter of this interdisciplinary course is economics, political science, history, geography, culture and society. This course may not be taken as an elective.

The purpose of this change is to reflect a merger of SOST 4392 (Issues in Social Studies) into SOST 4391 (Topics in Social Studies). Each class is currently taught only once a year and overlap in content. The proposed merger of the two classes will allow SOST 4391 to be taught more often (each fall and spring semester) and meet the high demand for this required course. The teaching of any summer class will be based on the availability of faculty.
