EDSE 5311 Issues in Disability throughout the Lifespan

Description: The purpose of this course is to provide an introduction to the culture of disability across the lifespan. The impact of disabilities on an individual across the lifespan will be explored, and the unique culture that is created by having a disability will be addressed. Examines characteristics of children with major biological risk conditions and disabilities, birth - six, with a focus on the impact of these conditions on development; addresses elementary years of the student and impact on the student's family; and addresses career development and employment of individuals with disabilities. Attention will be placed on determining job options, job development, self-determination and person-centered planning.

Student Learning Outcomes: This course uses the Texas Special Education Standards which are aligned with the Council for Exceptional Children (CEC) Professional Content Standards. Although we will address knowledge and skills from all standards, we will specifically focus on Texas Standards I and IX.

Special Education EC-12 Standard I:

The special education teacher understands and applies knowledge of the philosophical, historical, and legal foundations of special education.

Special Education EC-12 Standard IX:

The special education teacher understands and applies knowledge of transition issues and procedures across the life span.
