

Catalog Year 2013-2014

Number HIST 5398 Title: Thesis 1 SCH 3

Description: This course is designed to be the first step towards the successful completion of the History thesis. Students will receive a passing grade for the class when they have successfully written and defended their thesis proposal to their graduate committee. To be scheduled by the student in consultation with his/her major professor. If the grade of IP received, the student must enroll again for credit.

Prerequisite: Graduate standing and approval of the major instructor/ student's graduate advisor.

Justification: This reflects greater standardization of the thesis process to help ensure that students are able to see their degrees through to completion.
