EDUCATOR PREPARATION PROGRAMS
The College of Education Educator Preparation Programs are rated by the State Board for Educator Certification. Accreditation status is based on accountability standards as established by the Texas Education Agency.
The most recent Title II accountability data is available at the following website: http://title2.ed.gov/View.asp. Additional information is available upon request from the Teacher Certification Office.

Students Teacher candidates may choose to work toward certification at the following levels: (1) Early Childhood through Grade 6, (2) Grades 7-12, Secondary; and (3) All-level. Each Block certification program is highly integrated with strongly field-based experiences, requiring teacher candidates university preservice teachers, cooperating teachers, mentors, public school administrators, and University faculty to work collaboratively at designated campuses. University preservice teachers Teacher candidates enrolled in the program Blocks are assigned to mentor teachers at specified elementary or secondary public schools. Preservice teachers Field based experiences are on a continuum of early field experiences through full time teaching. Throughout the programs, teacher candidates observe, prepare teaching activities and lessons, and as a capstone experience are placed in a EC-12 environment for full time teaching (12 weeks minimum). Teacher candidates typically are in field-based placements, including student teaching, for approximately 600 hours. Teacher candidates in Block I complete a minimum of four (4) hours per week of observation and teaching activities in their assigned classrooms. Preservice teachers in Block II complete a minimum of seven (7) hours per week of observation and teaching activities in their assigned classrooms. Preservice teachers in Block III complete a minimum of forty (40) hours per week for twelve (12) weeks in their assigned classroom(s).
