Program Learning Outcomes: Add: Change: Attach listing of program learning outcomes.

The candidate:

1. Exhibits basic knowledge and skills related to the scope of practice in communication disorders.
2. Demonstrates knowledge and skills in oral and written communication within the field of communication disorders.
3. Observes and participates in implementation of basic intervention plans to work with children and adults with speech-language disorders from the community.

Justification:

Multiple levels of clinical skills are required for clinical practicum. With the availability of an advanced clinical practicum class, candidate will be supervised to work based on the level of

competency and with a variety of clinical populations. Therefore, the candidate will develop different skills across the scope of practice in Speech-Language Pathology.

Subject: Course credit change to CSDO 4126 for UCC

Mary, in determining the 120 credit hours in the CSDO program, we changed the above course from a one-credit course to a two-credit course. The documents for this new course were sent previously and thus do not reflect this change. The course should now be CSDO 4226 in lieu of CDO 4126.

Thanks.
