Response Required: New course will introduce ___, reinforce ___, or apply ___ concepts

MIS 5390

Project Design and Management

Three semester hours.

This course includes a practical approach to business problem solving through the actual implementation of a significant software product. It includes study of project management tools and techniques necessary to plan, staff, organize, direct and control the development of computer-based information systems. Prerequisite: MIS 5300 Must be taken during final semester prior to graduation.
