EDAM 5319 *Administration of School Facilities, Finance and Technology*
This course deals with systematic planning of school facilities including school finance and technology and its applications to curricular outcomes. Finance will include theory and practices of business management, basic accounting, internal accounting procedures and Texas public school finance. Additionally, theory and understanding of how to build a budget for a school campus is included. This course includes expectations for technology use; technology-rich school improvement processes; technology integration among faculty and staff; utilization of technology to assess, analyze and interpret student performance data to design, assess and modify students' instruction. Prerequisites: EDAM 5301, EDAM 5320, EDAM 5322 and EDGR 5320. Pre or co-requisites: EDAM 5305, EDAM 5321.

Student Learning Outcomes
1. apply various types of information (e.g., demographic data, campus climate, student achievement data, technology applications, and emerging issues affecting education) to develop a campus vision,
2. analyze instructional needs and allocate human and financial resources effectively and equitably,
3. apply procedures for effective budget planning and management,
4. identify strategies that enable the school physical plant, equipment and support systems to operate safely, efficiently and effectively,
5. identify local, state, and federal laws and policies to support sound decision making related to school programs and operations (e.g., technology, food services, health services, transportation)

Justification:
The course merge of EDAM 5315 (Foundations of Fiscal and Facilities Management) and EDAM 5321 (Technology Leadership for School Administrators) is necessary in order to add the option of students taking either EDGR 5323 (Data Driven Decision-Making in Education) or EDGR 5325 (Introductory Statistics in Education) and to keep the non-thesis M.S. in Education Administration at 30SCH.
