Course Description:

PSYC 5344

Forensic Psychology

Three Semester hours. (SS)

Examines the behavior, motivations, testing and rehabilitation of criminal offenders from a psychological perspective. Presents an overview of the field of forensic psychology, addressing clinical issues as well as leading research in forensic psychology. The psychology of various offender groups ranging from domestic violence perpetrators to rapists to serial murderers will be covered.

Justification: Course no longer needed because of streamlining of Psychology program. Faculty teaching this course has left the university.
