ARTS 2346 (ARTS 2346)
Ceramics I.
Three semester hours.

An introductory studio course in basic ceramic processes. Prerequisite: ARTS 1312 or consent of instructor.

An introduction to the fundamentals of ceramic construction, glazing, and firing techniques with a concentration on hand building, and methods of surface exploration. Prerequisite: No Prerequisite Required

Justification: By removing the prerequisite, the course becomes congruent with one of our other major 2000 level classes. (Painting)
