Texas A&M International University
Annual Institutional Effectiveness Review (AIER)

**Date Submitted** January 31, 2008

**Assessment Period Covered (2007)**

**Academic Program/AES Unit** PASE TRiO Student Support Services

**Person(s) Preparing Review** Leticia Valle

**Provide summary of the last cycle’s use of results and changes implemented**
The Program Director and Academic Coordinator met on January 30, 2008 to discuss results for 2007. As in the previous year, first time freshman and transfer program participants enrolled in English, History, Math, and all developmental courses will be required to attend two hours of tutoring per week. All new program participants will also be required to attend special interest research and technology workshops taught by program staff. Due to low participant turnout the TRiO staff will be providing evening office hours only upon request.

**Institutional Mission**
Texas A&M International University, a Member of The Texas A&M University System, prepares students for leadership roles in their chosen profession in an increasingly complex, culturally diverse state, national, and global society … Through instruction, faculty and student research, and public service, Texas A&M International University embodies a strategic point of delivery for well-defined programs and services that improve the quality of life for citizens of the border region, the State of Texas, and national and international communities.

**Academic Program or Administrative/Educational Support Unit Mission**
TRiO's Student Support Services offers support services to program participants who are economically-disadvantaged, first generation college students and students with disabilities. Program participants receive tutoring and supplemental instruction in academic areas, career, personal and academic counseling, and the opportunity to attend cultural activities outside the University to encourage satisfactory academic progress and retention.

NOTE: Submit all assessment documentation (i.e., surveys, rubrics, course exams with embedded questions, etc.) to the Office of Institutional Effectiveness and Planning.

Use of Results: Indicate whether criteria were met/not met and what changes, if any, have been identified based on the data collected?

Outcome 1
☐ Met  ☒ Not Met
Provide narrative: This objective was not met. A high number of students that were admitted into the program were provisional students who were not college ready. Even though all freshman received the required tutoring due to their lack of under preparedness this program was not able to help them overcome their deficiencies. Many students transferred to the local community college.

As in previous years, all program participants will be required to meet with the Program Director or Academic Coordinator twice per month for academic advising and to monitor their academic progress. All freshman and transfer program participants enrolled in English, History, Math and Developmental Studies will be required to attend two hours of tutoring per week. All new program participants will also be required to attend research and technology workshops taught by program staff.

Outcome 2
☐ Met  ☐ Not Met
Provide narrative: This objective was not met. A high number of students that were admitted into the program were provisional students who were not college ready. Eventhough all freshman received the required tutoring due to their lack of under preparedness this program was not able to help them overcome their deficiencies. In addition, many of the continuing students were on academic probation from the previous semester. Students on academic probation will be monitored on a weekly basis and a assessment of their individual academic needs will be conducted. Many students transferred to the local community college.

As in previous years, all program participants will be required to meet with the Program Director or Academic Coordinator twice per month for academic advising and to monitor their academic progress. All freshman and transfer program participants enrolled in English, History, Math and Developmental Studies will be required to attend two hours of tutoring per week. All new program participants will also be required to attend research and technology workshops taught by program staff.

Outcome 3
☒ Met  ☐ Not Met
