Expanded Statement of Institutional Purpose Linkage:

Institutional Mission Reference:
Texas A&M International University, a Member of The Texas A&M University System, is committed to the preparation of students for leadership roles in their chosen profession and in increasingly complex, culturally diverse state, national, and global society … Through instruction, faculty and student research, and public service, Texas A&M International University is a strategic point of delivery for well-defined programs and services that improve the quality of life for citizens of the border region, the State of Texas, and national and international communities.

College/University Goal(s) Supported:
The mission of the College of Education at Texas A&M International University is to provide for educators a comprehensive and coherent professional development system that links all aspects of the educational profession. Through educational experiences provided by this system, educators will be prepared to provide learner-centered instructional experiences that promote excellence and equity for all students in the field.

Intended Educational (Student) Outcomes:
1. Pre-service students in the educator preparation program will demonstrate an understanding of instructional design and assessment to promote student learning.

2. Student interns in the educator preparation program will demonstrate the skills related to implementing effective, responsive instruction and assessment.

3. Students completing the Bachelor of Science in Early Childhood Education with a Reading specialization will demonstrate knowledge of effective Language Arts/Reading principles.
Intended Educational (Student) Outcome:

NOTE: There should be one form for each intended outcome listed. The intended outcome should be restated in the box immediately below and the intended outcome number entered in the blank spaces.

1. Pre-service students in the educator preparation program will demonstrate an understanding of instructional design and assessment to promote student learning.

First Means of Assessment for Outcome Identified Above:

1a. Means of Program Assessment & Criteria for Success:
The average score of students in the educator preparation program will be 70% or a minimum of 240 on Domain I (Designing Instruction and Assessment to Promote Student Learning) of the Pedagogy and Professional Responsibilities (PPR) Texas Examination of Educator Standards (TExES).

1a. Summary of Assessment Data Collected:
During Spring 2003, program faculty revamped all means of assessment for implementation during Fall 2003.

1a. Use of Results to Improve Instructional Program:
Because of Fall 2003 implementation, program faculty members made no recommendations for alterations in degree program.

Second Means of Assessment for Outcome Identified Above:

1b. Means of Program Assessment & Criteria for Success:
At the pre-service interview to enter the teaching internship, students in the teacher preparation program will provide evidence of knowledge of instructional design and assessment with a score of 90% or better, as determined by a committee of public school personnel and College of Education Supervising faculty who will use a rubric developed for this purpose.
1b. Summary of Assessment Data Collected:
During Spring 2003, program faculty revamped all means of assessment for implementation during Fall 2003.

1b. Use of Results to Improve Instructional Program:
Because of Fall 2003 implementation, program faculty members made no recommendations for alterations in degree program.
