Provide summary of the last cycle's use of results and changes implemented

The Program Director and Academic Coordinator met on January 25, 2007 to discuss results for 2006. As in the previous year, first time freshman and transfer program participants enrolled in English, History, Math, and all developmental courses will be required to attend two hours of tutoring per week. All new program participants will also be required to attend research and technology workshops taught by program staff. Due to low participant turnout the TRiO staff will be providing evening office hours only upon request.

Section I: Planning and Implementation

Institutional Mission

Texas A&M International University, a Member of The Texas A&M University System, prepares students for leadership roles in their chosen profession in an increasingly complex, culturally diverse state, national, and global society ... Through instruction, faculty and student research, and public service, Texas A&M International University embodies a strategic point of delivery for well-defined programs and services that improve the quality of life for citizens of the border region, the State of Texas, and national and international communities.

Academic Program or Administrative/Educational Support Unit Mission

TRiO's Student Support Services offers support services to program participants who are economically-disadvantaged, first generation college students and students with disabilities. Program participants receive tutoring and supplemental instruction in academic areas, career, personal and academic counseling, and the opportunity to attend cultural activities outside the University to encourage satisfactory academic progress and retention.

Section II: Analysis of Results

When (term/date) was assessment conducted?

Outcome 1

Assessment was conducted on January 24, 2007.

Outcome 2

Assessment was conducted on January 24, 2007.

Outcome 3

Assessment was conducted on January 24, 2007.

What were the results attained (raw data)?

Outcome 1

Results indicate that 87.50% of students were retained at TAMIU which is above the target goal of 85%.

Outcome 2

Results indicate that 91.25% of students were in good academic standing slightly under the target. First-time freshman (11) struggling with work and academic commitments made-up 78% of students who were not in good academic standing.

Outcome 3

Results indicated that 85.71% of seniors who were eligible to graduate graduated in 6 years or less which is above the target goal of 64%.

Who (specify names) conducted analysis of data?

Outcome 1

Leticia Valle and Aida Garza

Outcome 2

Leticia Valle and Aida Garza

Outcome 3

Leticia Valle and Aida Garza

When were the results and analysis shared and with whom (department chair, supervisor, staff, external stakeholders)? Submit minutes with data analysis to assessment@tamiu.edu (Please use Minutes Template located on the [Project INTEGRATE](#) web page.)

NOTE: Submit all assessment documentation (i.e., surveys, rubrics, course exams with embedded questions, etc.) to the Office of Institutional Effectiveness and Planning.

Use of Results: Indicate whether criteria were met/not met and what changes, if any, have been identified based on the data collected?

Outcome 1

Met Not Met

Provide narrative: As in previous years, all program participants will be required to meet with the Program Director or Academic Coordinator twice per month for academic advising and to monitor their academic progress. All freshman and transfer program participants enrolled in English, History, Math and Developmental Studies will be required to attend two hours of tutoring per week. All new program participants will also be required to attend research and technology workshops taught by program staff.

Outcome 2

Met Not Met

Provide narrative: This objective was not met. Eighty-six percent of students who were not in good academic standing were first-time freshman struggling with work and academic commitments. TRiO will now require that all first-time freshman attend time, financial and stress management workshops as well as meeting with the Program Director or Academic Coordinator on a weekly basis.

Outcome 3

Met Not Met

Provide narrative: Same as Outcome 1.

How have these data-based changes improved your program/unit?

Changes due to results will be implemented beginning February 1, 2007. These changes will help the program identify problem areas and intervene in a timely manner.
