Institutional Mission

Texas A&M International University, a Member of The Texas A&M University System, prepares students for leadership roles in their chosen profession in an increasingly complex, culturally diverse state, national, and global society ... Through instruction, faculty and student research, and public service, Texas A&M International University embodies a strategic point of delivery for well-defined programs and services that improve the quality of life for citizens of the border region, the State of Texas, and national and international communities.

Academic Program Mission

The Bachelor in Science in Interdisciplinary Studies in Social Studies program is intended to prepare students to enter the education system with an academic background in Social Studies. Furthermore, it should produce certified educators who possess the knowledge and necessary skills to promote student learning, implement effective, responsive instruction and carry out accurate educational assessment.

Provide summary of the last cycle's use of results and changes implemented

Those involved in the program have focused upon the improvement of student pass rates on the TeXes exam and the most effective use of the Social Studies classes (SOST 4391 and SOST 4392). The outcomes addressed were the same as those from the previous cycle. No students,

however, took the exam and there was therefore nothing to report. Due to the insufficient number of students it was recommended that the major be discontinued.
