

## USE OF PYROTECHNICS AND FLAME EFFECTS PROPOSAL

1. Person, group, and/or organization sponsoring production:  

---

---
2. Date, time, and exact location of the production:  

---

---
3. The name, age, qualification, and experience of the person/operator in charge of creating the pyrotechnic/flame effect:  

---

---
4. The name(s), age(s), and experience of any assistant(s) that will be present and the general responsibilities of the assistant(s):  

---

---
5. The number and type of pyrotechnic/flame effect and materials to be used:  

---

---
6. Confirmation of any applicable state and federal licenses of the operator and assistant(s):  

---

---
7. Confirmation of state and federal permits for the site of display (aerial firework displays):  

---

---
8. Evidence of the permittee's (production company's) insurance carrier or financial responsibility. (To be reviewed by the TAMUS Office of Risk Management):  

---

---

## USE OF PYROTECHNICS AND FLAME EFFECTS PROPOSAL

9. A copy of Safety Data Sheets (SDSs) for the pyrotechnic/flame effect materials to be used:

---

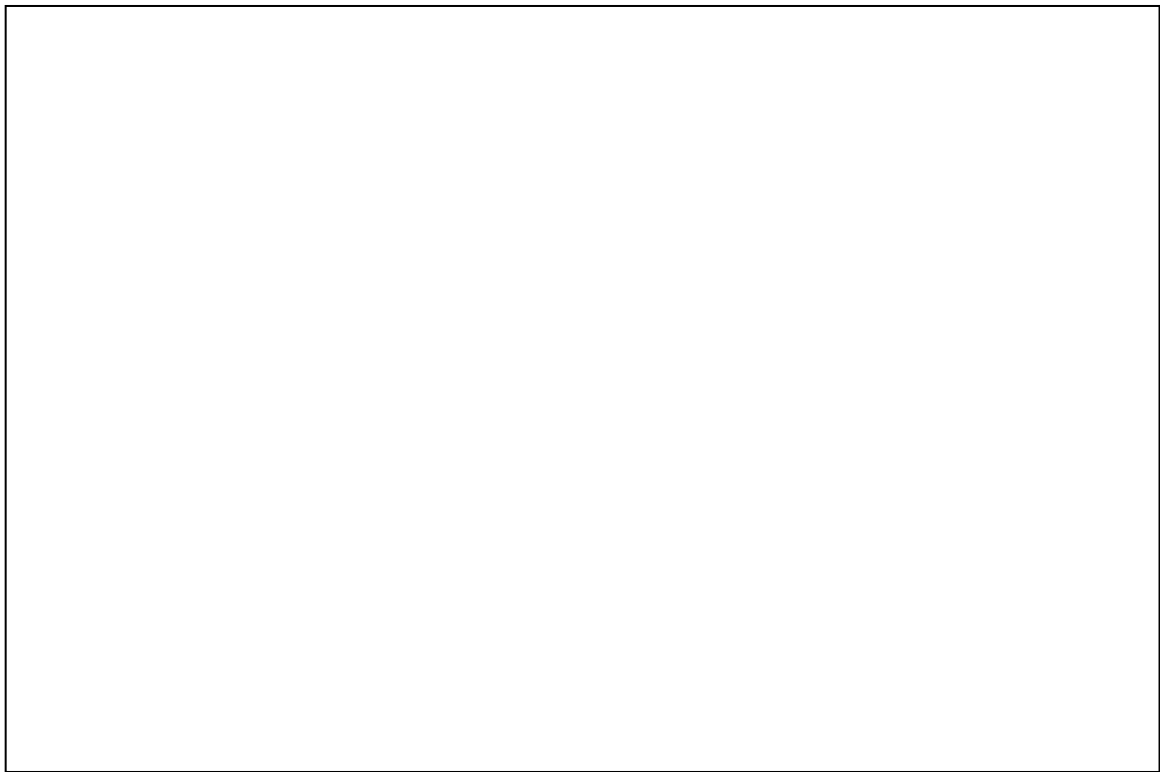

---

10. The method of disposal of by-products from special effects. Disposal shall be in compliance with federal and state mandates and University requirements as applicable:

---

---

11. A diagram of the grounds and facilities at which the production will be held. This diagram shall show the point of on-site assembly and the point at which the pyrotechnic/flame effect devices are to be fired/used, the fallout radius for each pyrotechnic device used in the performance, and the lines behind which the audience shall be restrained. (Prints of campus grounds and/or facilities can be obtained by request through Physical Plant).
