Preliminary Request to Seek External Funds
Student Organizations

TEXAS A&M INTERNATIONAL UNIVERSITY
Office of the Vice President for Institutional Advancement

All fund-raising activity at Texas A&M International University is supervised, coordinated, and directed by the Office of the Vice President for Institutional Advancement. A fully coordinated and communicated effort will eliminate multiple “asks” by the University’s staff and students to a single company/individual and or civic organization enhancing the overall success of the University’s fund-raising effort.

Pre-Solicitation

- Student Clubs and Organizations registered with TAMIU’s office of Student Affairs may seek donations from local and area companies/organizations and individuals.
- Student organizations must complete the Preliminary Request to Seek External Funds with signatures from Student Affairs personnel and Club/Organization Advisor prior to submission and consult with Institutional Advancement.
- Student members should have concrete ideas of the type of fundraiser they wish to hold prior to asking for donations within the community.
- Please come prepared to discuss the companies you wish to approach.
- A letter written to each individual you are seeking assistance from should state your organization’s mission, explain the type of fundraiser and provide the date, and the purpose your fundraiser i.e. attend conference, buy uniforms or equipment etc…
- Sample solicitation letters from student organizations as well as editing and proofing of your letter are provided at the office of Institutional Advancement.

Post-Solicitation

- Report your donation or “In-Kind”* gift to VPIA and bring your check to KL 261.
- Reporting your gift allows student clubs and organizations to “borrow” the University’s tax exemption number which allows companies file their donation as tax deductible. The company is also acknowledged by TAMIU in publications and gifts are counted toward the University’s Annual Fund Program.
- Your donation will be deposited by university personnel into the account number designated on your “Preliminary Request to seek funds” . This account number is obtained at Student Affairs. Allow 3-5 business days for this transaction.

*an In-Kind gift is a donation other than but has a designated cash value. Any tangible item or goods qualifies as an In-Kind donation.
