Dear Dr. Keck:

The following action regarding your institution was taken at the June 2004 meeting of the Commission on Colleges:

The Commission awarded membership at Level V to offer the Ph.D. in International Business and authorized a Substantive Change Committee to visit the institution to review continued compliance with the *Principles of Accreditation*.

~~The institution reported that two new faculty appointments would be made before the start date of the new program. The Substantive Change Committee should verify that these appointments have been made and that the faculty is adequate for the program.~~

We appreciate your continued support of the activities of the Commission on Colleges. If you have questions, please contact the staff member assigned to your institution.

Sincerely,

A handwritten signature in black ink, appearing to read "James T. Rogers".
