THE UNIVERSITY

Texas A&M International University (TAMIU) is an international University, poised at the Gateway to México. It serves as the cultural and intellectual hub of a vibrant multilingual and multicultural community. A Member of The Texas A&M University System, TAMIU is committed to the preparation of students for leadership roles in their chosen profession in an increasingly complex, culturally diverse state, national and global society. The University provides over 7,900 students with a learning environment anchored by the highest quality programs built on a solid academic foundation in the arts and sciences. To fulfill its mission, the University offers a range of baccalaureate and masters programs and the Doctor of Philosophy degree in International Business. All programs focus on developing undergraduate and graduate offerings with a progressive international agenda for global study and understanding across all disciplines. On average, students come to the University from over 30 different countries each semester, creating a diverse learning and living community.

OUR MISSION

Texas A&M International University (TAMIU), a Member of The Texas A&M University System, prepares students for leadership roles in an increasingly complex, culturally diverse state, national, and global society. TAMIU provides a learning environment built on a solid academic foundation in the arts and sciences. The University offers a range of baccalaureate and master's programs and the Doctor of Philosophy degree in International Business Administration. In addition, the University pursues a progressive agenda for global study and understanding across all disciplines.

Through instruction, faculty and student research, and public service, TAMIU improves the quality of lives for citizens of the border region, the State of Texas, and national and international communities.

OUR HISTORY

In August of 1970, students were accepted at what was then-Texas A&I University at Laredo. While initially a “center” under then-Texas A&I University, this was the start of a legacy of higher education for South Texas. The focus then was to address a demand in teacher education and business disciplines. Texas A&I University at Laredo was organized under the upper-level concept of higher education, offering junior and senior level course work, providing a local bachelor's degree opportunity. The upper-level University later expanded to include graduate degree programs. In September 1977, the University became Laredo State University, and its “center” status was officially removed in 1987. As the University grew, its scope widened and an expanded faculty was recruited to deliver new programs. The University became a Member of The Texas A&M University System on September 1, 1989, and its name changed to Texas A&M International University in 1993.

The 74th Texas Legislature approved an expansion to four-year status in the Fall of 1995, further authorizing the University to develop joint degree programs with Mexican and Canadian institutions of higher education. Additional authorization has permitted the development of doctoral level programs. In 1995 the University welcomed its first freshmen and sophomore students, inaugurated a new 300-acre campus in northeast Laredo and marked its 25th anniversary.

Throughout 2019-20, the University celebrates its 50th Anniversary as an institution of higher education and its 25th Anniversary on its northeast Laredo campus.

COMMENCEMENT SPEAKER

State Senator Judith Zaffirini (D-Laredo)

Senator Judith Zaffirini is the first recipient of Texas A&M International University's *Innovator Award*. Her visionary leadership has guided the University's development, growth and pursuit of excellence, and continues to do so. She inspires our TAMIU community to always do our very best and we present this Award with lasting gratitude and honor.

Senator Zaffirini (D-Laredo) represents the 21st Senatorial District, stretching from the Rio Grande to the Colorado River and the Port of Corpus Christi to the Valley. Re-elected in 2016 in a ninth landslide victory, she is the first Hispanic woman elected to the Texas Senate, the second highest-ranking senator, and the highest-ranking woman and Hispanic senator.

Her appointments provide countless opportunities to champion priorities of SD 21, the heart of the Eagle Ford Shale, which has generated billions of dollars in economic activity for Texas. As Senate Chair of the Eagle Ford Shale Legislative Caucus, Senator Zaffirini prioritizes the district's continued prosperity, and as Vice Chair of the Natural Resources and Economic Development Committee and member of the Energy Council since 2009, she promotes responsible, sustainable development of Texas' energy resources. She also helps protect and conserve the district's air, land, and water resources such as the Rio Grande, the Edwards Aquifer, and the Gulf of Mexico.

Through the State Affairs Committee, she addresses issues including bond issuances and eminent domain, and through that Committee, and as a member of the Judicial Council and Texas Access to Justice Commission, champions preventing cronyism and corruption in the legal system, promoting access to justice, and protecting persons under guardianship.

As a member of the Senate Business and Commerce Committee, she advocates for large and small Texas businesses and workers, and as a member of the Senate Administration Committee, prioritizes issues of importance to local governments in SD 21's 18 counties. Health care is a major district industry, and as an expert in the health and human services policy and funding, Senator Zaffirini advocates for improved health services...especially for the very young, the very old, the very poor, Veterans, and persons with disabilities.

Her legendary work ethic is reflected in her 100 percent voting record, having cast more than 64,000 consecutive votes, and her perfect attendance in the Texas Senate since 1987, except for breaking quorum deliberately to prevent an untimely re-redistricting that the U.S. Supreme Court (2006) ruled violated the Voting Rights Act. She has sponsored and passed 1,160 bills and 36 substantive resolutions. Attesting to her bipartisan effectiveness, in the 2019 Republican-dominated Texas Legislature she passed 127 bills, breaking her record of 108 and passing more bills than any other legislator for the third consecutive legislative session. She has passed more bills than any other legislator in the history of the State of Texas.

Senator Zaffirini has received over 1,000 awards and honors for her legislative, public service, and professional work, including 340+ in communication. Perhaps the most treasured awards are those provided by her son, Carlos Jr., who has honored her as the namesake of endowed scholarships at The University of Texas at Austin, Baylor College of Medicine, and TAMIU. He also created a grant program to help teachers reduce their college student loan debts, and a UT Dell Seton Medical Center patient suite.

He also established the Carlos Sr. and Senator Judith Zaffirini Access to Justice Initiative, which pays for bar review courses and exam fees for low-income UT Law School graduates who, in turn, will represent low-income clients. The Beaumont Foundation also endowed a scholarship honoring Senator Zaffirini and her husband at TAMIU, and the annual Senator Judith Zaffirini Medal is presented to TAMIU faculty and students excelling in scholarship and leadership.

Through her business, Zaffirini Communications, she provides professional communication services, including consulting, workshops and seminars, keynote addresses, and writing. She is also president of the Mr. South Texas Foundation and the D&J Alexander Foundation and its subsidiaries: D&J Alexander Investments and D&J Alexander Development.

Senator Zaffirini is a distinguished communicator, educator, businessperson and leader, and holds B.S., M.A., and PhD degrees from UT-Austin, each with a 3.9 grade-point average.

She and Carlos Zaffirini have been married for 54 years. Their son, Carlos Jr., an attorney and businessman, and wife Audrey welcomed their first son, Asher Maxwell, in 2017 and their second, George William, in July.

DISTINGUISHED STUDENT SCHOLARS

Nelly Gabriela Salazar University College

Nelly Salazar graduates with a Bachelor of Arts in Multidisciplinary Studies with concentrations in English, History, and Philosophy. She is the recipient of numerous TAMIU scholarships and honors, including the B. P. Peggy Newman Scholarship, the Student Success Scholars Scholarship and the Outstanding Student Researcher Award. She has appeared on both the Honor Roll, and Dean's List. She has been an active member of the University Honors Program, Phi Kappa Phi, and Reading the Globe. She received a Certificate of Leadership for her involvement in the Advising and Mentoring Center as a first-year student success mentor.

Lisseth Díaz College of Arts and Sciences

Lisseth Díaz is the daughter of Jaime and Otilia Díaz. She graduated from Laredo's United South High School Magnet Program in 2016. Today, she graduates *summa cum laude* with a 4.0 GPA and a Bachelor of Arts in Political Science with a minor in Sociology.

While a student at TAMIU, Lisseth was a Study Abroad Global Ambassador, a Leadership Ambassador for the Freshman Leadership Organization, part of the League of Empowered Women, the Green Club, and was inducted to Pi Sigma Alpha, the National Political Science Honor Society. She also worked part-time as a student research assistant with the Department of Social Sciences and completed an internship at the 406th Judicial District Court.

Lisseth plans to pursue a Master of International Affairs with a concentration in International Development. Her longtime goal is to work for the United Nations Development Program.

Luz G. González College of Education

Luz G. González is a 2015 graduate of Roma High School. She transferred to TAMIU in 2017 from Kansas. Today, she earns a Bachelor of Science with a Major in Interdisciplinary Studies with EC-6 and a Bilingual Emphasis. While at TAMIU, she has been a member of Kappa Delta Epsilon and was a recipient of the Lamar Bruni Vergara Scholarship. She plans to pursue a Master in Curriculum and Instruction and will teach in Laredo. She hopes to inspire students to become the best version of themselves. She plans to teach beyond content to help create advocacy, character and respect.

DISTINGUISHED STUDENT SCHOLARS

Aileen Karina Rendón **College of Nursing and Health Sciences**

Aileen Karina Rendón is the daughter of Karina González and granddaughter of Irma and Laurencio González. She graduated from John B. Alexander High School in 2016. Today, she earns her Bachelor of Science in Nursing from the College of Nursing and Health Sciences' Dr. F. M. Canseco School of Nursing.

While at TAMIU, she was part of the Student Philanthropy Council, served as historian and community service chairman for the Student Nurses' Association, and traveled to South Korea and China as a Reading the Globe Ambassador. She is a recipient of The Sanchez Family Foundation Scholarship and the Patricia Killam Hurd Nursing Scholarship. Aileen has completed over 350 community service hours, partnering with the City of Laredo

Health Department, United Independent School District, and the Laredo Animal Care Facility. She is an active Iglesia Cristiana Misericordia member.

Upon graduation, Aileen will serve her community as an Intensive Care Unit Nurse. She plans to return to TAMIU and enroll in the Advance Nursing Education Sexual Assault Nursing Examiner Program and pursue a Doctorate of Nursing Practice.

Genesis Vera **A. R. Sanchez, Jr. School of Business**

Genesis Vera is the daughter of Rigoberto López and Teresa Martínez, wife of Oliver Vera, and mother of Ximena Grace Vera. Today, she earns her Bachelor of Business Administration in Accounting, graduating *summa cum laude* with a 3.949 GPA.

While a student at TAMIU, Genesis traveled to Malaga, Spain as part of a Study Abroad program. She served as president of the Building on Legacy student organization and was a member of the Volunteer Income Tax Assistance Program. Upon graduation, she plans to begin her professional career as an accountant while pursuing her longtime goal of opening her own café restaurant.

HONORS AT GRADUATION

Graduates receiving honors or distinction are acknowledged in the following manner:

UNIVERSITY HONORS

Each year at Commencement, Texas A&M International University recognizes outstanding graduates based on grade point average with University Honors. These students are designated by gold cords worn at Commencement and their honors are announced as follows:

TAMIU Philanthropy Cord - Symbolizes pride and philanthropic support of TAMIU student scholarships.

Texas A&M International University recognizes all U.S. military veteran graduates who have served honorably. These graduates are distinguished by a red, white and blue cord providing special recognition for their service. This cord symbolizes TAMIU's pride and gratitude for our veteran graduates' service and sacrifice for our nation.

ACADEMIC COSTUMES AND REGALIA

A Brief History and Chronology

By Dr. Stephen Lunce and Dr. Jerry Thompson

Academic costumes of today have a history of nearly eight hundred years. In Medieval Europe men and women typically wore gowns or robes. There was a great deal of variety in color and material, depending upon the position and wealth of the wearer. Gradually there developed distinctive gowns for various professions, trades and religious orders. Students and teachers in many medieval universities such as Paris, Oxford and Cambridge organized themselves into guilds. Gradually the academic costume became distinctive for Bachelors of Arts (the apprentices), Masters of Arts (the teachers), and Doctors (teachers who had completed postgraduate studies). Most of the distinctive characteristics appeared in the hood, which was originally a practical element of dress, but which evolved into a separate and purely ornamental article, draped over the shoulder and down the back. The academic cap was a later development. It was first conferred as a symbol of the M. A. Degree. Some of these Master's caps were stiff, some soft, some square, some round with a tuft in the center. Today's tassel is an elaboration of the tuft. Although round caps are still used at some universities, Oxford University's "mortar board" style is more common. The dress worn by faculty and graduates during Commencement ceremonies is based upon costumes used in 14th and 15th century universities, particularly Oxford and Cambridge in England. This style of academic dress and accoutrements has been used in the United States from colonial times, and it was standardized by an Intercollegiate Code in 1895. Like the military of medieval times with its pages, squires, and knights, the academic world has long recognized three basic levels of dignity and achievement; these are: undergraduates, bachelors, and masters. The distinction between masters and doctors is a relatively recent phenomenon; both masters and doctors levels of achievement imply the right to teach. The variety of styles and colors seen in a faculty procession reflects the fact that each university retains its own distinguishing customs as especially revealed by the design of its doctoral robes. When a university is granted the right to confer doctoral degrees, one of the privileges that accompanies that right is the opportunity to design unique and distinctive regalia for its graduates.

12th/13th Centuries: Origin of academic dress – the dress of the scholar (student or teacher) is the dress of a cleric. Long robes are needed for warmth in unheated buildings; likewise, the hood provided warmth for the tonsured head. Eventually, a skullcap replaces the hood, 1321. University of Colombia stipulates that all "Doctors, Licentiates and Bachelors" wear robes."

14th Century: Regulations of certain colleges in England forbid "excess in apparel" and prescribed a long gown for all scholars. Oxford and Cambridge prescribe a definite academic dress and exercise university control over all details.

19th Century (late): Assignment of specific colors to signify certain faculties is standardized in the United States. 1887: Gardner Cotrell Leonard's designed gowns adopted by Williams College. The standardization of American system of academic dress has begun.

1895: Representatives of leading institutions, including Leonard, meeting as the Intercollegiate Commission, define a system of academic apparel. In the meeting, held at Columbia University, the first academic costume code for different disciplines is established.

1932: American Council on Education approves the costume code established by the Intercollegiate Commission.

1959: Academic costume code is updated.

1986: The American Council on Education committee adds the following sentence to the code to clarify the use of dark blue for the Ph.D. Degree. "In the case of the Doctor of Philosophy Degree, the dark blue color is used to represent the mastery of the discipline of learning and scholarship in any field that is attested to by the awarding of this degree and is not intended to represent the field of philosophy."

Ceremonial Mace

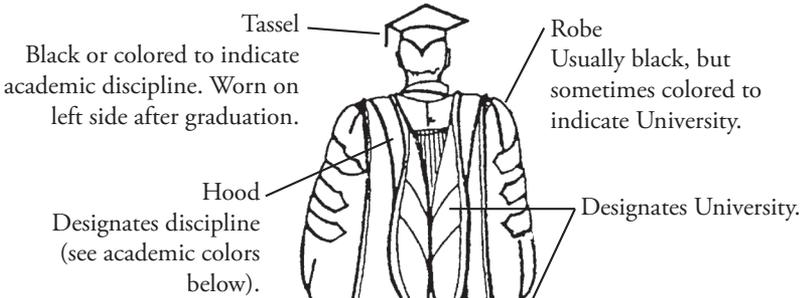

Dating back to medieval times when they were used as weapons of war, maces are now symbols of institutional authority and used on ceremonial occasions.

The TAMIU Mace is a wood staff crowned with laurel leaves and anchored by a series of silver bands naming the University's presidents. It signifies the University's power to protect knowledge against those seeking to undermine or exploit it, while also representing TAMIU's commitment to intellectual honesty and integrity and the civic trust acknowledged with its display and use.

Memory Stoles

Memory Stoles, worn around the neck throughout the graduation ceremony, are a way for graduates to share this memorable occasion with a special person. Wear it with pride and give the Memory Stole to someone who helped you in your personal quest for knowledge.

ALMA MATER

SUNG TO THE THEME FROM THE FOURTH MOVEMENT
OF BEETHOVEN'S NINTH SYMPHONY

A Song for
Texas A&M International University

Near to Rio Grande's waters, stately towers above the plain,
Stands our noble Alma Mater, wisdom raised for all to gain.

Binding nations, hearts and visions, aspirations ever new,

Hail to Thee, our Alma Mater!
Hail to Thee, dear TAMIU!

Here, 'neath sun and gentle breezes, dove and deer lodge safely by,
May Thy children, safe in wisdom, flourish ever 'neath Thy sky.
Pledge we faith and homage ever, joined in our diversity,
May time ne'er efface the memory of our University!

Binding nations, hearts and visions, aspirations ever new,

Hail to Thee, our Alma Mater!
Hail to Thee, dear TAMIU! ©1996

Lyrics by Ray M. Keck III, Ph.D. and family
President Emeritus and Professor of Spanish
