

## TEXAS A&M INTERNATIONAL UNIVERSITY

# Standard Administrative Procedure (SAP)

### 33.04.02.L0.01 Monitoring of Telecommunication Services

First Approved: March 1, 2015
Revised: January 31, 2023
Next Scheduled Review: January 31, 2028

#### **Procedure Statement and Reason for Procedure**

The purpose of this SAP is to establish the process by which Texas A&M International University (TAMIU) will comply with Texas A&M University System (System) <u>Regulation 33.04.02</u>, <u>Use of Telecommunication Services</u>.

#### **Procedures and Responsibilities**

#### GENERAL

<u>System Regulation 33.04.02</u>, <u>Use of Telecommunication Services</u>, Section 2, requires all member universities "to monitor telecommunication services usage by each employee." Specifically, budgetary unit heads are responsible for documenting and ensuring reimbursement for any incidental non-TAMIU business use of telecommunication services which results in a direct cost to TAMIU.

#### 2. PROCEDURES

- 2.1 Every month, the Business Office distributes statements for all international calls for each department. The statement includes the following certification language:
  - My signature below certifies that all calls listed above were for university business purposes.
  - My signature below certifies that except as noted, all calls listed above were for university business purposes. (Circle personal calls and submit payment to the Bursar's Office).

- 2.2 The budgetary unit head (or his/her designee) is responsible for reviewing all calls on the statement and determining which, if any, were for non-TAMIU business calls (i.e., personal calls). These calls are to be identified by circling the appropriate charges. The budgetary unit head will select the appropriate option and sign and date the statement. The signatory must be the budgetary unit head, not a designee.
- 2.3 When an statement contains non-TAMIU business calls (i.e., personal calls), the budgetary unit head (or his/her designee) will make a copy of the statement for each employee who had personal calls. The employee responsible for non-TAMIU business call charges is responsible for taking the statement copy to the Bursar's Office with his/her calls clearly identified and making payment, irrespective of the dollar amount, and submitting a receipt to the budgetary unit head (or his/her designee) to attach to the statement. The budgetary unit head's signature certifies that any required reimbursements have been made.
- 2.4 The statement and all receipts for any non-TAMIU business call charges are to be maintained in accordance with the System records retention schedule.
