

Why You Should Come Here Explore the International Possibility

It's a small University with a growing international mission. Ideally situated on the U.S./Mexico border, Texas A&M International University (TAMIU) offers graduate business students an unparalleled opportunity to study global business from within that marketplace.

Laredo is a dynamic crossroads of culture and commerce and is the nation's largest inland port. Not surprisingly, TAMIU is a lead catalyst in the economic, social and cultural growth of the area and its graduates enjoy leadership positions at businesses and firms directing those changes.

The College of Business Administration was accredited by AACSB International, the accreditation body for business schools and programs in 2001, thus joining an elite group of 427 international colleges and universities that have earned this distinction. An international reputation for quality, innovative programs, modern facilities and genuine value make the college of Business Administration one of the fastest growing business schools in the nation.

About Our Program

The Master of Professional Accountancy (MPAcc) degree is considered the industry standard for those wanting to advance accounting careers with a graduate degree. It is designed to surpass the minimum educational requirements for a student to be eligible to take the CPA examination. Many find our Master of Professional Accountancy program critical to career and personal success. A rolling admission policy allows students to enter at any given semester.

About Our Faculty

The College of Business Administration's faculty is drawn from around the world, bringing a truly international dimension to our program. In addition to educational preparation from the world's finest universities, many have worked in a diverse array of corporate environments, bringing real-world dimensions to their class preparations.

An entrepreneurial spirit typifies all our programs and our business faculty is committed to your success.

About Our Facilities

TAMIU's campus represents more than a \$170 million investment in new facilities. The campus, opened in 1995, is the first new campus in Texas in over 20 years. Classrooms and facilities incorporate the latest trends in the evolving internet and information exchange. On-campus housing facilities are also wired for free high-speed internet. Ten computer labs help assure a student-to-computer ratio of 13 to 1. A Media Center makes multi-media and audio-video presentations possible while the University's Computer and Telecommunications Services department offers students technology training. The Western Hemispheric Trade Center houses a variety of business research initiatives including the Center for Western Hemispheric Trade, the Western Hemispheric Trade Information Center and the Texas Center for Border and Economics and Enterprise Development.

Our MPAcc will Work for You

Our MPAcc affords you an opportunity to better yourself and your business preparation. You can jump-start your career and sharpen your accounting and management skills. Whether or not accounting was your original field of study, this MPAcc program will provide you the flexibility to invigorate your career or perhaps run your own business. This MPAcc will work for you.

Some sample career opportunities that our MPAcc can make possible include:

Accountant

Certified Public Accountant
Financial Accountant
Managerial Accountant
Tax Accountant
Comptroller

Auditor

State Auditor
Risk Management Consultant
Business Auditor
Federal Investigator

About Admission to Our Program

Admission into the MPAcc program is available to those who hold a Bachelor's degree in any discipline from an accredited university.

Students who do not hold an undergraduate degree in accounting from an accredited university will be required to complete the following (or equivalent) foundation courses before taking the MPAcc required courses:

ACC 2301	Principles of Financial Accounting
ACC 2301	Principles of Managerial Accounting
ACC 3310	Intermediate Accounting I
ACC 3320	Intermediate Accounting II
ACC 3340	Advanced Managerial Accounting
ACC 3350	Introduction to Taxation
ACC 3370	Introduction to Accounting Systems

+Three additional hours of an upper division accounting course.

Students graduating with a major in accountancy from a university in which the business program is accredited by the AACSB International automatically satisfy the foundation requirements.

Application Requirements

- ❑ Complete Application for Graduate Admission Application must be accompanied by a \$25 non-refundable application fee (TAMIU Alumni are exempt)
- ❑ Official transcripts of ALL university-level studies. Transcripts must be mailed directly to the Office of Admissions from the granting institution(s)
- ❑ Official GRE or GMAT test score, taken within the last five years, sent directly from ETS
- ❑ Two letters of recommendation, one-page statement of purpose, and CV (resume)
- ❑ In addition to the above documents, international students must submit adequate TOEFL scores and required financial documentation.

*Sudie Back states, "Be curious always!
For knowledge will not acquire you: you
must acquire it."*

*My professors at Texas A&M International
University helped me in acquiring knowledge
by not only engaging me actively in learning
and assisting me in understanding the
subject matter, but also by promoting my
critical thinking skills and strengthening
my mental ability. Their dedication and
guidance will always help me in preparing
myself towards a successful career.*
