TAMIU Intramural Grants Programs

**University Research Development Award (URDA, 2016-2018)** - for research projects that have strong theoretical reasons, empirical support, and practical reasons to justify the proposed project. This program is for projects that require either longer than 1 year and/or require more funding than a standard University Research Grant.

**University Research Grant (URG, 2016-2017)** - To support research projects that have strong theoretical reasons, empirical support, and practical reasons to justify the proposed project.

**University Creative Projects Grant (UCPG, 2016-2017)** - Resources are provided for pursuit of a creative project with artistic merit that will make a significant and relevant contribution to the aesthetic experiences necessary for that faculty member to teach his or her courses.

**University Travel Grant (UTG, 2015-2016)** - Primarily supports faculty travel to either present research results or to collect research data.
Key Seminar Take-Aways:

- Introduction to the 4 available TAMIU Intramural grant programs
- Requirements and responsibilities for each grant
- Research compliance issues
- Common application and grant management problems
- Questions answered
