7. Professional Certification - IRB and IACUC.

Attention: IRB and IACUC Coordinators, Staff Members, Chairs, Committee members and IOs.

WE NEED YOUR FEEDBACK. In order to better serve the research community, the CITI Program and PRIM&R (Public Responsibility In Medicine and Research) are planning a joint project to develop **study guides** for two (2) national professional certification exams:

- ▶ The "Certified IRB Professional" (CIP) exam.
- ▶ The "Certified Professional IACUC Administrator" (CPIA) exam.

For more information on these professional certification programs please see [Professional Certification Programs](#) (If you follow the link, close the new browser window to return here).

The study guides could be made available to you on line and/or in printed formats by August 1, 2012.

If these **study guides** were made available to you for a cost of \$75 each, would you be interested in purchasing this resource to aid in your preparation for the certification exams?

Select Curriculum - Texas A&M International University

1. If this is your first time taking a CITI course at Texas A&M International University, choose one below based on your role and the type of human subjects activities you will conduct. You will be the Basic Course for that group.

Choose one answer

- Biomedical Research Investigators:** Choose this group to satisfy CITI training requirements for staff involved primarily in Biomedical research with human subjects.
- Social & Behavioral Research Investigators:** Choose this group to satisfy CITI training requirements for Investigators and staff involved primarily in Social and Behavioral research with human subjects.
- Students conducting no more than minimal risk research**
- IRB Members:** This Basic Course is appropriate for IRB or Ethics Committee members.
- I work with the Lab/Animal.** Please go to question 2.

Step 8

If your research project does not involve lab animals, skip next question.

If your research is going to involve lab animals, go to:

<http://www.tamtu.edu/gradschool/grant/Training-Required.shtml>

Follow the instructions for additional training in use of animals.

Choose all that apply

- "Working with the IACUC Course" is required if you plan to use lab animals in your work.
- If you are an IACUC Member you are required to complete the "Essentials for IACUC Members" course now.

Choose the appropriate species specific electives depending on your work or interests.

- If you plan to conduct studies that have the potential to cause "more than momentary pain and distress" in Mice or Rats you should complete the module on "Minimizing Pain and Distress".
- Do you conduct major survival surgery or non-survival surgeries in non-rodent species? If you do, the module on aseptic surgery is a must.
- I work with Frogs, Toads or other Amphibians
- I work with Mice. Family: Muridae Cricetidae
- I work with rats. Genus: Rattus
- I work with Hamsters. Family: Muridae
- I work with Gerbils
- I work with Guinea Pigs
- I work with Rabbits, Family: Leporidae
- Working With Animals In Biomedical Research - Refresher Course

Step 9

Selection and completion of the Responsible Conduct of Research (RCR) course is not a requirement for the TAMIU IRB and it may be optional for you.

If you have any questions about whether completion of one of the RCR courses below is required, please contact the Office of Research and Sponsored Projects at grants@tamiu.edu.

If you elect to complete this course, select the appropriate training for your field of study, and then click **“Submit”**

3. **Responsible Conduct of Research**

Please make your selection below to receive one of the courses in the Responsible Conduct of Research.

Choose one answer

- Biomedical Responsible Conduct of Research Course
- Social and Behavioral Responsible Conduct of Research Course
- Physical Science Responsible Conduct of Research Course
- Humanities Responsible Conduct of Research Course
- Responsible Conduct of Research for Engineers
- Responsible Conduct of Research for Administrators
- Not at this time, Thank you.

Step 10

Click “Yes” if you want to affiliate with another institution

Select your institution or organization

You have registered with the following institution(s):

- ▶ Texas A&M International University

At this point you can register with another institution. This could be very useful if:

- ▶ You are required to complete the requirements for a **VA Medical Center**.
- ▶ You are collaborating with an investigator at another institution or organization that uses the CITI Program.
- ▶ You are planning to move to another institution that uses the CITI Program.
- ▶ You want to review CITI courses (e.g., RCR or HIPS) that may not be offered by your institution.

If you want to add the training requirements for another institution, you may do it now.

Check **Yes** to affiliate with another institution.

Check **No** to continue with your current selection.
