Leaders are not born, they are made.

-Vince Lombardi

Leadership TAMIU is a program specifically designed for upper-division undergraduate students that are ready to take their knowledge and skills to the next level. This program will assist you in building your leadership skills and teamwork abilities through a variety of presentations and workshops that will give you insight on how to be successful in life. Leadership TAMIU will give you the opportunity to listen to proven leaders and participate in an active learning environment surrounded by other leaders at TAMIU.

Students in the Leadership TAMIU program will be able to identify their leadership strengths and weaknesses, express their image of the future, clarify and communicate their fundamental values and beliefs, align their actions with their values, build collaboration and trust, and search for opportunities to change and improve.

Students in this program are expected to attend scheduled meetings in order to successfully complete the program and are held every other Friday at 4:00 p.m. in SC 231 starting on Friday, September 9th.

In addition, the student will be required to participate in an off-campus, out-of-town retreat during a weekend to be shared with the group during the fall semester.
