</tr>
<tr>
<td>TEACHER CERTIFICATION</td>
<td></td>
<td></td>
</tr>
<tr>
<td>LEVEL (if applicable)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

It is important that all applicable blocks be completed. Please inquire if you need assistance.

For admission to a teacher education program, you must have completed all requirements as specified in the current catalog. Please see an advisor in the College of Education for further information.

Please remember that the catalog year selected is valid for five years and that you must have been enrolled during that period. (For example, catalog year 1999 expires in Summer II, 2004.) Special non-degree students will be placed in catalog in effect at the time of request.

If you are changing from undergraduate to graduate status, you must complete an Application for Graduate Admission for the University and an Application for Admission to the appropriate college. Enrollment in graduate studies requires acceptance by the respective college and determination whether stem work/prerequisites have been completed for the major and minor, if applicable.
