The Department of Curriculum & Instruction requests authority to offer:

EDGR 5320 Research Design. Three semester credit hours.

This course introduces quantitative and qualitative research methods and statistical software applications. Students will complete three chapters of theses during this course. This course is taken for credit or non-credit. Prerequisite: Approval of major advisor.

Rationale for Courses: EDGR 5320 is to be added as an alternative to EDSP 5398, Research Design, currently required for students pursuing the thesis route of the Master of Science in Education with a Major in Bilingual Education. By allowing students to choose either EDSP 5398 or EDGR 5320, students would have more options in completing the requirements for the Masters Degree.
