AGENDA ITEM BRIEFING

Submitted by: Eddie J. Davis, Interim President,
Texas A&M University

Subject: Approval of a Level 2 Cooperative Doctoral Program Agreement in Educational Administration between Texas A&M University and Texas A&M International University and Authorization to Request Approval from the Texas Higher Education Coordinating Board

Proposed Board Action:

Approve the establishment of a Level 2 Cooperative Doctoral Program Agreement in Educational Administration between Texas A&M University and Texas A&M International University and authorize the President of Texas A&M University to submit the program request to the Texas Higher Education Coordinating Board

Background Information:

The proposed Level 2 Cooperative Doctoral (Ed.D.) program agreement in Educational Administration will prepare students for careers in K-12 schools, Educational Service Centers, and higher education through through a rigorous research-based program involving training in educational administration. Further, the proposed collaboration between the College of Education at TAMIU and the College of Education and Human Development at TAMU will involve planning and implementing an initiative designed to facilitate the development of an Ed.D. degree in Educational Administration to be implemented entirely by TAMIU, upon approval by the TAMUS Board of Regents and the Texas Higher Education Coordinating Board.

The proposed Level 2 Cooperative Doctoral (Ed.D.) Program Agreement in Educational Administration will provide access for an underserved region of the state to doctoral level education through a combination of face-to-face courses taught on the TAMIU and TAMU campuses and through a limited number of distance courses. The proposed program is based on a history of cooperation and collaboration between the respective colleges, reflected in a Memorandum of Agreement that initiated a 2004 cohort of students to enroll in a limited number of graduate courses at TAMIU and subsequently to pursue the completion of a doctoral degree in Educational Administration at TAMU. This group of students has made substantial progress toward the completion of degree requirements, and after summer of 2007, all will have completed residency requirements and course work.

The proposed proposal has been approved by the College of Education and Human Development, the University Graduate Council, the Faculty Senate, and the President.

A&M System Funding or Other Financial Implications:

The costs for the proposed cooperative program, which will be modest, will be covered by the jointly by the College of Education at Texas A&M International University and the Department of Educational Administration and Human Resource Development in the College of Education and Human Development at Texas A&M University. The main new costs will be for a graduate assistantship, partial release time for a coordinator, and travel.

TEXAS A&M UNIVERSITY
Office of the President

Members, Board of Regents
The Texas A&M University System

Subject: Approval of a Level 2 Cooperative Doctoral Program Agreement in Educational Administration between Texas A&M University and Texas A&M International University and Authorization to Request Approval from the Texas Higher Education Coordinating Board

Texas A&M University requests approval from the Board of Regents for a Level 2 Cooperative Doctoral Program Agreement in Educational Administration between Texas A&M University and Texas A&M International University as summarized in the Attachment.

Texas A&M University further requests authorization from the Board of Regents to submit the Level 2 Doctoral Program agreement in Educational Administration between Texas A&M University and Texas A&M International University to the Texas Higher Education Coordinating Board for approval. I affirm that all applicable criteria have been met.

I recommend adoption of the following minute order:

“The Board of Regents approves the establishment of a Level 2 Cooperative Doctoral Program Agreement in Educational Administration between Texas A&M University and Texas A&M International University. The Board also authorizes the President of Texas A&M University to submit this degree program request to the Texas Higher Education Coordinating Board for approval.”
