**MASTER OF SCIENCE IN
INTERNATIONAL LOGISTICS (MS-IL)(Temporarily Suspended)
THESIS PLAN**

EDUCATIONAL OBJECTIVES

1. Improve the productivity and resource utilization of both profit and not-for-profit organizations in Laredo and in the region served by this university; 2. Fill a need in the industrial sectors of the community for professionally trained individuals who have the specialized knowledge provided by their study of international logistics; 3. Combine the student's interests in international transportation with their interests in applying computerized management information systems and electronic data interchange to address international business logistics problems; prepare students for an ever changing technological, commercial and institutional environment in the fields of international transportation, warehousing and purchasing; 4. Prepare students with the expertise to serve the community's need for logistics efficiency improvement as the industrial sector becomes more internationalized and as the industrial sector (e.g., twin plant/maquiladora) grows.

WAIVER POLICY FOR MASTER OF SCIENCE FOUNDATION COURSES

Students may be waived from the MS Foundation courses by either:

1. successfully graduating with a business bachelors degree from a university in which the business program is accredited by the Association for the Advancement of Collegiate Schools of Business International (AACSB International), or
2. providing evidence of equivalent course work at an accredited institution at either the undergraduate-level or graduate-level.

All course work used for waiver from a particular course must have been taken within the past seven (7) years. The student must have received a grade of "C" or better in each course applied towards a waiver. Applications for course waivers must be completed during the first in-residence semester of work on the MS program.

Students requesting a waiver must get approval from the Chair of the division for which the course is assigned. The Division Chair has the responsibility for ensuring that the student has the appropriate prior course work and knowledge as set forth in this policy before approving the waiver.
