Other: Add information: Change information: Attach new/changed information. If in current online catalog, provide change and attach text with changes in red.

Change the prefix for all fitness and sports courses from EDFS to KINE and all kinesiology courses from EDKN to KINE. The courses this change will be applied to are listed below the signature section.

Justification:

Our Fitness and Sports program is very similar to traditional Kinesiology programs. Laredo Community College lists all similar courses as Kinesiology, and the term "Kinesiology" is more universally recognized than the term "Fitness and Sports." The great majority of higher education institutions that use four letter prefixes designate kinesiology courses with KINE.
