(Please use separate form for each add/change)
COLLEGE/SCHOOL/SECTION: EDUCATION

Course: **EDFS 2325 First Aid**

Change: Number ___ Title ___ SCH ___ Description X Prerequisite ___

Justification:

Change to C or better to pass the course.

I asked the Institutional Research Department to run a focus report on the grade distribution for EDFs 2000, 3000, and 4000 level courses. The result: A 24.24%, B 35.31%, C 23.66%, DFW 16.41%.

It looks like "B" is average for these courses, with "A" above average and "C" below average. "D" would be a poor performance in classes.

Change course fee.

The Red Cross has greatly increased the cost of getting a certification card to \$25-\$30. We also purchase and periodically replace CPR dummies and some disposable supplies. There was no fee attached to this course in the past, but it is necessary with increased popularity of the course.

Change to eliminate the semester designation.

We typically teach this course both long semesters, but that may change in the future as enrollment patterns change.

First Aid.

Three semester hours. **(FL)**

This course trains students in American Red Cross First Aid/Cardiopulmonary Resuscitation (CPR)/Automated External Defibrillation (AED) procedures, including ways to prevent back injuries, heart attacks, slips, trips, falls, and workplace violence. Also emphasized are ergonomics and stress management. Upon completion of the course, students will earn a three-year American Red Cross First Aid/AED certificate and a one-year CPR certificate. **A grade of "C" or better must be earned to successfully complete the course. Course Fee: \$50.**
