*Proposed changes to the 2013-2014 catalog:*

Implementation of concurrent admissions policy is the responsibility of the Director of Recruitment and School Relations. The University Admissions Standards and Exceptions Committee must approve any exception to admission policy.

**Qualified high school students attaining Junior or Senior status may seek early enrollment to TAMU for purpose of gaining credits in University-level classes. To be concurrently enrolled, the following documents must be received by the Office of Admissions before acceptance is finalized:**

1. **Application for Concurrent Admission.** This application must include a signed authorization from the applicant's high school counselor. Application should include signature of parent on the Parental Permission statement provided in the application.
2. **Official High School Transcript** showing completion of the sophomore year with at least an 85 or 3.00 GPA, depending on grading scale, for all coursework completed in high school. Copy of current schedule of classes must be attached to transcript. Official transcript must be sent directly from high school attending
3. **Official college/university transcript(s)** from institutions other than Texas A&M International University must be sent directly from each institution attended, if any

college credit has been earned. A minimum overall grade point average of 2.000 is required.

The State of Texas requires all students to meet the Texas Success Initiative (TSI) mandates. TAMU will use the state-approved Texas Higher Education Assessment (THEA) as a form of assessment and honor any state approved alternative assessment instrument. The University will use exceptions as stipulated by the State under the TSI plan. Concurrently enrolled students who have failed any section of the THEA or any of the approved alternative exams, may not take college level courses related to the sections of the test that have not been passed. Effective first-class day of the 2013 fall semester, concurrently enrolled students who have failed to meet the TSI requirements based on the THEA or its alternative exams will need to re-assess with the new TSI Assessment and meet the new score requirement. See Texas Success Initiative in the section entitled University College.
