Response Required: New course will be part of major minor as a required
or elective course

Response Required: New course will introduce , reinforce , or apply concepts

If new, provide Course Prefix, Number, Title, SCH Value, Description, prerequisite, lecture/lab (hours if applicable) and **student learning outcomes**. If in current catalog, provide change, attach page with changes in red, and provide a brief justification.

CSDO 4337 Foundations of Aural Rehabilitation

Three (3) semester hours

This course introduces theoretical and applied aspects of aural (re)habilitation in children and adults. Topics covered will include the effects of hearing loss, models for assessment, and models for intervention. Materials will be primarily presented in lecture formats and reinforced by in-class activities and discussions. Prerequisite: Admitted to the CSDO program and in good standing in the College of Education or department approval. CSDO 3313

Candidate Learning Outcomes:

- 1) Analyze how hearing loss impacts the social, emotional, and communication of adults and children.
- 2) Demonstrate basic knowledge of different communication modes and education options for individuals with hearing loss. Able to identify points of controversy in “Deaf Culture” and evaluate the merit of the arguments presented.
- 3) Identify major components and functions of hearing aids, assistive technology, cochlear implants and select appropriate techniques to assess these listening devices.
- 4) Implement “Listening and Spoken Language” intervention techniques for cochlear implant children.

Justification:

This is a required class for undergraduate students in Communication Science and Disorders

based on recommendation made by the American Speech and Hearing Association.

Program: Add: _____ Change: _____ Attach new/changed Program of Study description and 4-year plan. If in current catalog, provide change and attach page with changes in red.
