EDGR 5330

Thesis

Three semester hours.

This course is designed to provide guidance for the completion and defense of the thesis. ~~The students in this course are provided opportunities for the satisfactory completion and defense of the thesis.~~ This course is taken for credit or non-credit. Candidates who do not successfully defend their thesis will receive a grade of “In-Progress (IP)”. When an IP is obtained, candidates must continuously enroll in EDGR 5130 in subsequent semesters, including the summer term, until the thesis is satisfactorily completed. Upon successful completion of the thesis, the IP will change to “Credit (CR)”. If a student fails to continuously enroll in EDGR 5130, the grade will change to “No Credit (NC)”. Prerequisites: Successful completion of EDGR 5320. Approval of major advisor. Candidates may take one course concurrently with the thesis to complete their degree. ~~If grade of IP is received, student must continuously enroll until the thesis is satisfactorily completed. Failure to enroll results in a grade change to 'F'.~~

Justification: It was not clear in the previous course description that students needed to enroll during the summer term. To support successful completion of the thesis, students need to enroll and continue progress towards completing their thesis during the summer.
