The items not discussed at this meeting will be carried over to the December 5 meeting. Additional information was requested on the following UCC documents.

52				More detailed rationale for recommendation, given the importance of Philosophy. What will happen to the course inventory?		
53				More detailed rationale for recommendation, given the importance of geography.		
54				More detailed rationale for recommendation? What will happen to courses in inventory?		
55				More detailed rationale for recommendation. What will happen to courses in inventory?		
58				Should the description of CSDO 4333 state that it can be cross-listed with PSYC 4306?		
70				The rationale states that this minor is intended to prepare individuals to become certified social studies teachers. Yet, requirements in economics, an important component of the certification exam, is very limited. Suggest a careful review of the grades 4-8 and 8-12 Social Studies competencies attached to ensure that all competencies are properly addressed.		
71				More detailed rationale for recommendation, e.g., why are no courses with the Urban Studies (URBS) prefix included in the proposed minor?		

The meeting was adjourned at 10:00 a.m.
