

## BACHELOR OF ARTS IN MULTIDISCIPLINARY STUDIES

### Health Administration

Following is **one** suggested four-year degree plan. Students are encouraged to see their advisor each semester for help with program decisions and enrollment; responsible for reviewing the **Program of Study Requirements**; and must meet **foreign language** and **writing intensive course** requirements for graduation. See Academic Regulations-Undergraduate online.

\*See *Appendix A Core Curriculum and Optional Course Information*.

<b>TOTAL SEMESTER CREDIT HOURS: 120</b>			

<sup>1</sup>Math elective, select 3 SCH from any math course above the level of College Algebra.

<sup>2</sup>Foreign Language/Study Abroad, select 6 SCH in course work (not credit by exam) above the university's foreign language graduation requirement. Thus students who meet the university's foreign language graduation requirement by earning 6 hours of credit by exam, may take 6 SCH in the same language but at the intermediate level or above, or they may take 6 SCH of another foreign language at the introductory level. This requirement may also be met by earning 6 SCH in any subject while participating in a TAMU-approved Study Abroad program while living for at least 4 weeks in another country.

NOTE: Students selecting options in: Arts and Business; Health Administration; Human Resource Development; and Organizational Psychology and Business should include 3 SCH of basic statistics from any discipline in the electives.

*Actual degree plans may vary depending on availability of courses in a given semester.  
Some courses may require prerequisites not listed.*
