ESSAY

The essay is your opportunity to tell us more about yourself as a person in ways different from course, grades, test scores and other objective data contained in this application. While the essay is only one of many factors considered in reviewing your application, it is your chance to distinguish yourself from other equally well-qualified applicants. Please choose one of the essay topics listed below and complete a brief 300-word or less, double spaced essay.

- I. Pick an important social, political, cultural or economic problem in today s’ world and develop a solution for it.
- II. How do you plan to use your university education to help better your community?

Deadline: October 1st for Spring semester and June 1st for Fall semester.

Completed applications must be submitted to:
 Texas A&M International University
 Departments of Mathematics and Physics, Biology and Chemistry, and School of Engineering
 5201 University Boulevard, LBVSC 312
 Laredo, Texas 78041-1900
 956.326.2588

This document is the required application for undergraduate (incoming, current, and transfer) scholarships coordinated through the Department of Mathematics and Physics. Scholarships are non-transferable and may not be deferred. Scholarships are not renewed automatically. Students must apply every semester. Concurrent students are not eligible for the awards.

Interviews may be required for this scholarship.
