

## **Volunteer to do research with your child!**

Have you ever wanted to see what scientists do? You and your child can participate in a real online research study together!! **You might win prizes like gift cards or *Minecoins*!!** This is only a study for 8-12 year old children who can read for up to 15 minutes and one of their parents.

If you decide to participate, you will receive 4 surveys, one sent every 3 months. These surveys are an opportunity for you and your child to tell researchers how the pandemic impacts your family over the next year.

If you participate, you will be entered into a number of drawings:

- ⇒ \$100 Visa gift cards for each of 4 surveys that parents complete (8 winners total)
- ⇒ \$10 gift cards for each of the 4 surveys children complete (40 winners total)
- ⇒ \$100 Visa gift cards for completion of all surveys in the study (10 winners total)

**There will be \$2200 in drawings with 58 winners!**

To take the survey in your preferred language, click below (your child can choose the same or different language after you answer some questions):
