

Word Race

Directions: Tutor will prepare during planning by neatly writing high frequency words in the boxes. The lesson's target HFW should be written a couple times. Student and tutor will place a game piece in the start box. Student begins by rolling the die. The student then reads the word in each box aloud according to the number on the rolled die. Players will repeat the process taking turns rolling the die and reading aloud words as they move. The winner is the first player to reach "Finish".
