

## EndNote Installation Instructions

To Install EndNote on Windows:

Step 1: Click "Download ENX9Inst.zip" at <https://www.tamui.edu/library/endnote19.shtml>

### SUE & RADCLIFFE KILLAM LIBRARY

## ENDNOTE

To support the library's mission of facilitating TAMIU researchers and their writing of academic work Killam Library has acquired a campus wide license for EndNote. This allows us to offer EndNote for free to all individuals affiliated with TAMIU. Only TAMIU Faculty, Staff, and students may download EndNote at this time.

*Please Note:* By downloading and installing this file you agree to remove EndNote from your computer and stop using it when you complete your studies or are no longer affiliated with TAMIU.

How to Install EndNote for Windows

1. Download ENX9Inst.zip

2. Extract the folder by clicking on "Show in folder" in your browser or open the folder you installed to.

3. Right click on the zippered folder and click "Extract all".

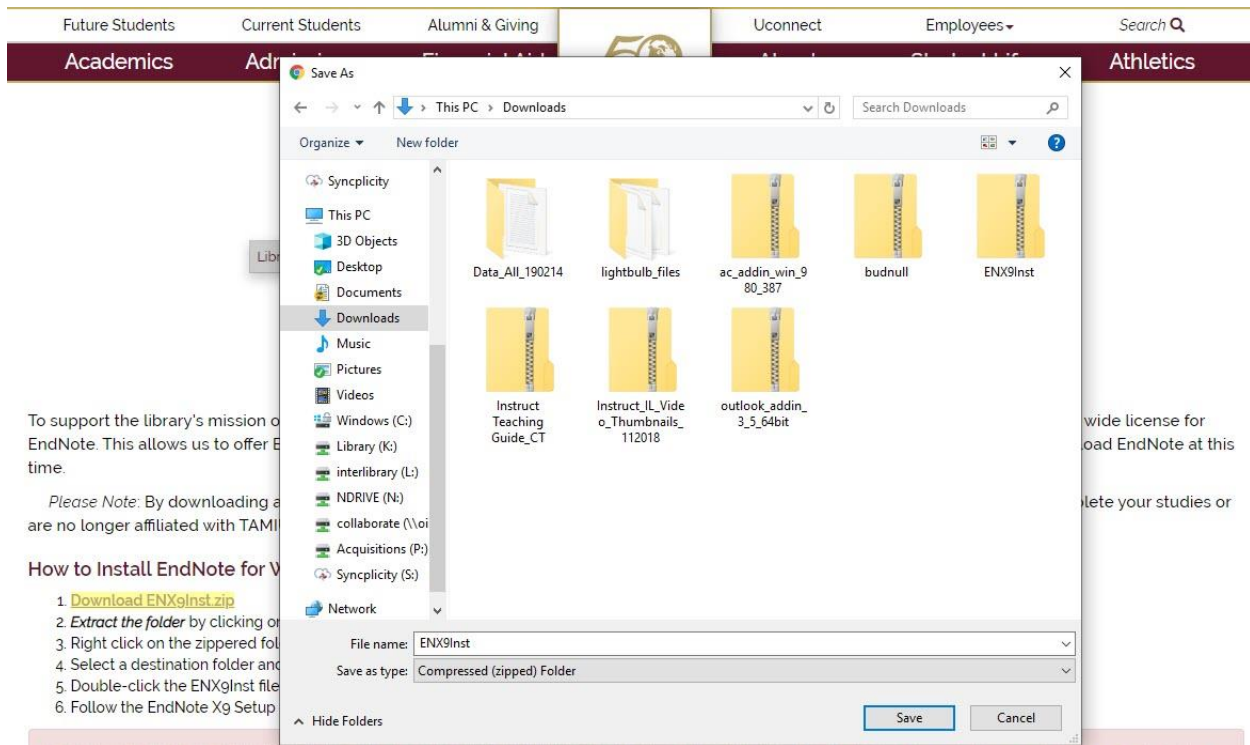

4. Select a destination folder and click "Extract".

5. Double-click the ENX9Inst file.

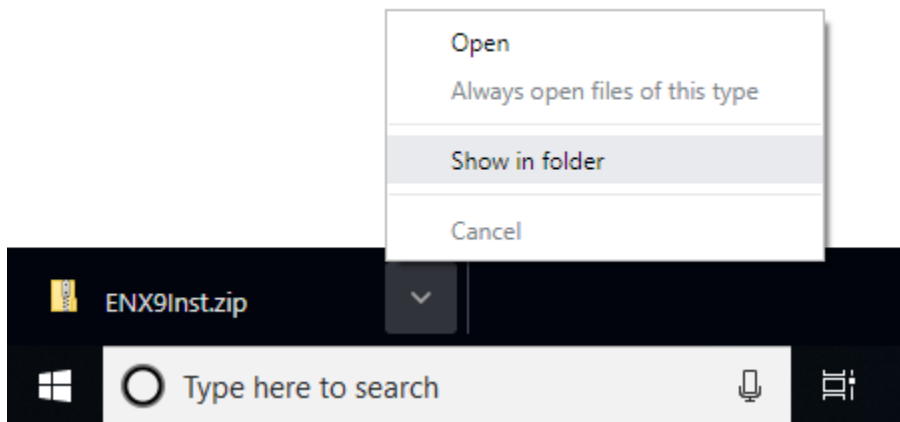

6. Follow the EndNote X9 Setup instructions.

YOU MUST EXTRACT THE FOLDER FOR THE PRODUCT KEY TO BE INPUT AUTOMATICALLY UPON INSTALLATION. If ENX9 Setup asks for a product key go back to step 2.

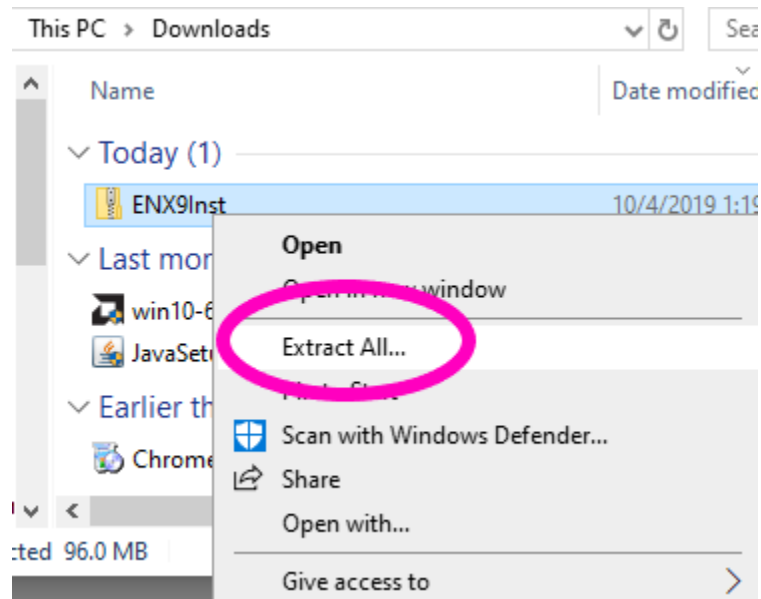

Step 2: Save the EndNoteX9 file to your Downloads folder or anywhere on your PC.

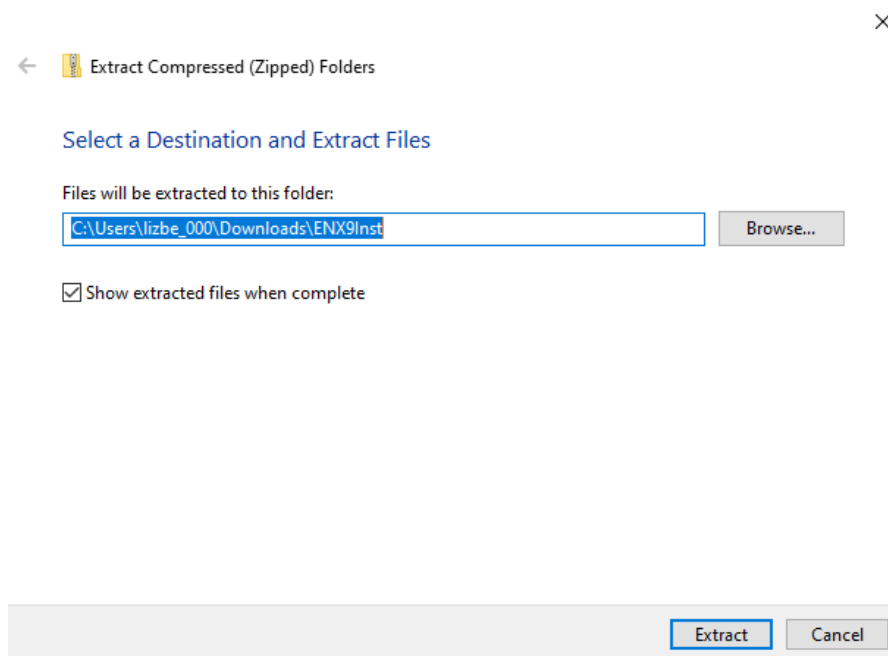

Step 3: Open the location of the downloaded file on your computer, or in Chrome click the arrow next to the file then click on "Show in folder".

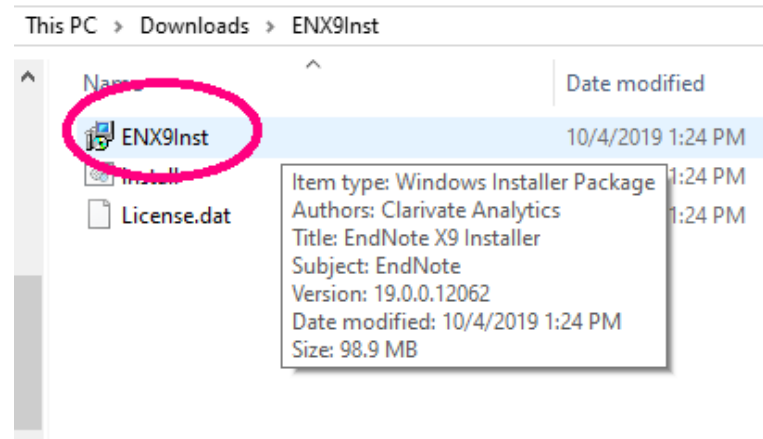

Step 4: Right click on the zipped file and select "Extract all".

Step 5: Select the extraction destination and click "Extract".

Step 6: Inside the extracted file double click on the ENX9Inst program to start the installation process.

Step 7: Follow the EndNote X9 Setup instructions. (Pictured below)

Step 8: Set up an EndNote account.
