

TAMIU is participating in the National Cyber Security Awareness Month program run by the National Cybersecurity Alliance (NCSA) to create awareness about cybersecurity. Each week in October, we will provide information and tips on protecting yourself at work and home. Our goal is to help you make the most of today's technology safely and securely.

Continuing our theme this week on
STOP. THINK. CONNECT.

We are focusing on Securing Your Kids.

We have a **12-minute** video that highlights:

- Strangers (predators, sextortion, fraud)
- Friends (sexting, grieving, cyber-bullying)
- Themselves (sexting, social media, sharing personal information)
