

TAMIU is participating in the National Cyber Security Awareness Month program run by the National Cybersecurity Alliance (NCSA) to create awareness about cybersecurity. Each week in October, we will provide information and tips on protecting yourself at work and home. Our goal is to help you make the most of today's technology safely and securely.

Continuing this week's theme of Cybersecurity in the Workplace Is Everyone's Business. We are sharing the You Are a Target Poster. This poster identifies and explains different ways cybercriminals can make money from a hacked computer.

YOU ARE A TARGET

STOP | THINK | CONNECT™
