Hiring Practice

Sheethal Surendran '06 is employed with Information Gateways Inc, a Federal IT services provider with headquarters based in Michigan and branches in Virginia and Ohio.

She's been with the organization for 3 years. As a technical recruiter, Sheethal searches for ideal job candidates to work on software program projects for the Department of Defense. From here, she continues through the hiring process with interviews, background searches and reference checks.

She also negotiates salaries and most importantly, she tries to find the perfect fit for both parties.

She explains that matching a candidate's salary to a position is the most challenging aspect of her job. Other complexities are finding employees who are willing to relocate; there are clients with specific needs like

the Department of Defense who require US Citizenship and authorized clearance.

"Regardless, I find every way possible to get things done to the best of my ability. When things seem challenging, I reflect upon something that my dad shared with me years ago. He plainly stated: 'Instead of thinking up excuses to put off a task, it is easier to just find one reason to get it done.' "

She further explains, "I stay focused by incorporating daily exercise and vary it with Pilates twice a week and kickboxing on Saturdays.

Family is important to me and I think about them daily. In fact, I'm very thankful for the motivation my brother provided me with. He is the reason I came from India to the USA to study and work.

I think about my mother's food often, but for unexplainable reasons a bowl of Fettuccine Alfredo from Olive Garden will fit the bill

once in a while."

Sheethal expounds that she had a great time at TAMU. In addition, while she has traveled the US extensively, she adds that she met the warmest, friendliest people at TAMU and notes the help that she received from Imelda Lopez, David VerMilyea and Cassandra Wheeler. "Friends and professors at TAMU have been a resourceful network providing employment leads, critiquing resumes and even tips on how to achieve a more professional demeanor, says Sheethal.

Accomplished Alum

TAMIU Alumni Day at the Bucks
Increase Alumni Involvement & Participation

Each year more than 10,000 calls are made in an effort to reach alumni. These contacts allow TAMIU Alumni to directly engage with students and impact the quality of education.

Our calls, mailings and e-solicitations also help to update your records, communicate new initiatives or exciting programs and inform alumni of upcoming special events.

Your gifts to the Annual Fund go straight to student scholarships and will be of assistance as early as Spring 2010. But, if you wish to designate your gift to a specific area, such as a particular college or program you can do that as well. It is completely up to you!

A single gift of \$20, \$50 or \$100 to the Alumni Annual Fund Campaign makes a difference! Collectively, alumni giving can reach the **campaign goal of \$40,000** in honor of our 40th Anniversary. That's 2,000 alumni participating at only \$20!!! Answer the call & give back.
November 4th - 14th.
